

WHEN YOUR
ANALYSE SENSITIVITY
MATTER MOST...

MAYTUBE[®]
sealed mini TUBE

Durable Polypropylene Body

Ultrafine Sensitive LeakProofing

EPDM seal

MAYTUBE[®]
sealed mini TUBE

Product Description

Sealed screw cap closure with O-ring seal and the robust polypropylene tube make this product a versatile tool that ideal for centrifugation, transport and storage of high quality synthetic buffers , enzymes etc.

DIMENSIONS

44 mm Overall Length
11 mm Diameter

Handle Dimensions

Graduation	yes
Knurls	yes
Base Shape	skirted conical base
Centrifugal force	20.000 X g

QUALITIES

Pure Transparent view
Secured EPDM seal
Sterile (ETO or GAMMA)
Made in TURKEY

APPLICATIONS

Medical Research
Pharmaceutical and food industries
Molecular biology
Forensic evidence collection

REF #	Packaging
601PP2m	Pack of 100 pcs. Non-Sterile or Sterile
